

# You Shall Die Before I Die

**Manowar**

I have lived before  
One thousand lives or more  
Crossed the Earth shore to shore  
Waiting for this night

Here to kill not fight  
One of us will die tonight  
Here I am and here I'll stay  
I will not run away

One of us will die today  
The last words you shall hear  
I will say

You shall die before I die  
You shall die before I die

Blood, blood, blood and pain  
That's my way  
To send your soul to hell  
A life of lies  
Now you'll die  
I will live to tell  
One of us will die today  
I'll be the one to live to say

You shall die before I die  
You shall die before I die
