

Kingdom in the Sky

Måns Zelmerlöw

Oh-oh-oh-oh-oh-oh.
Oh-oh-oh-oh-oh-oh.

World's collide we carry on.
Jumping the wire.
Through a tunnel filled with smoke.
We can walk through the fire.

And they can try, they can try.
Take a knife, shut the light.
Over my head, over my head.
But I've got love.

My world, my world won't cry.
It's standing strong like I.
Build up a thousand miles.
I'll never let it go.
This is my kingdom in the sky,
This is my kingdom in the sky.

My love, my love won't crawl,
Like eagles it will soar.
So high above it all.
I'll never let it go.
This is my kingdom in the sky,
This is my kingdom in the sky.

Demon's cry but I can't hear them.
They don't crack through the shield.
And gunshots fly like spears of poison.
But they drop dead in the fields.

And they can try, they can try.
Take a knife, shut the light.
Over my head, over my head.
But I've got love.

My world, my world won't cry.
It's standing strong like I.
Build up a thousand miles.
I'll never let it go.
This is my kingdom in the sky,
This is my kingdom in the sky.

My love, my love won't crawl,
Like eagles it will soar.
So high above it all.
I'll never let it go.
This is my kingdom in the sky,
This is my kingdom in the sky.

Oooooh-oh-oh-oh.
Oooooh-oh-oh-oh.

My world, my world won't cry.
It's standing strong like I.
Build up a thousand miles.

I'll never let it go. (Ooooh)
This is my kingdom in the sky,
This is my kingdom in the sky (Skyyyyy).

My love, my love won't crawl (won't crawl),
Like eagles it will soar (it will soar).
So high above it all.
I'll never let it go. (Goooo)
This is my kingdom in the sky (Oh-oh),
This is my kingdom in the sky.
