Primal

Måns Zelmerlöw

I spent a lifetime growing old
I was always in control
I was drying out, drying out, drying out

I've been hiding in darkness
When she turned to me and said
You gonna light it up, light it up, light it up

She said we should be prouder than lions
Roaring loud above the herd
Primal, primal, primal
You should be playing with fire
And never scared that we could burn
Primal, primal, primal
Oooh, they'll never tame us
Oooh, but they will try
Oooh, we're loud and famous
Oooh, we'll never hide

And now the sun shines when we say
What the heart wants the world pays
We'll never give it up, give it up, give it up
In the nights they can mumble
How our souls once were humble
Now we live it up, live it up, live it up

She said we should be prouder than lions
Roaring loud above the herd
Primal, primal, primal
You should be playing with fire
And never scared that we could burn
Primal, primal, primal
Oooh, they'll never tame us
Oooh, but they will try
Oooh, we're loud and famous
Oooh, we'll never hide

Find what you love and then let it kill you
Cause there is no other way
Find what you love and then let it kill you
Find what you love and then let it kill you

You should be prouder than lions
Oooh, they'll never tame us
Oooh, but they will try
Oooh, we're loud and famous
Oooh, we'll never hide

Oooh, they'll never tame us
Oooh, but they will try
Oooh, we're loud and famous
Oooh, we'll never hid
