# Saved Again

**Måns Zelmerlöw**

There's a choice, we can go anywhere
I believe but I can't love you here
This storm ends with fire

We can run and I know where to go
Should have brought you there long ago
My heart's true desire

Darling, one step closer
We're saved again, oh
Darling, we're together
And strong again, oh
The feelings were all gone
But still you are the one
Darling, one step closer
We're saved again, oh

We will go to an island of prayer
Find a way through the sun and the air
We'll find peace together

We can't stop, we must go there tonight
Almost there, see that shimmering light
Where love lasts forever

Darling, one step closer
We're saved again, oh
Darling, we're together
And strong again, oh
The feelings were all gone
But still you are the one
Darling, one step closer
We're saved again, oh

Oohh
Rest now by the sea
Now it's you and me

Darling, one step closer
We're saved again, oh
Darling, we're together
And strong again, oh
The feelings were all gone
But still you are the one
Darling, one step closer
We're saved again, oh
