

## Wasting My Time

Mansfield.TYA

Being wasting my time on my song  
Being wasting my time God it's too long  
Being waiting for Death since I was born  
Being waiting for Death with you my love  
I'm waiting for something to happen  
My tears are falling without reason

Now and forever being wasting my time  
Now and forever being wasting my time  
With you sweetheart by my side  
With you sweetheart by my side

Being wasting my time on my song  
I've been wasting my time God it's too long  
Being waiting for Death since I was born  
I've been waiting for Death with you my love  
I'm waiting for something to happen  
My tears are falling without reason

My tears are falling without reason  
My tears are falling without reason  
My tears are falling without reason  
My tears are falling without reason  
My tears are falling without reason
