

Annihilate / Third Eye

mansionz

Yeah, I don't date girls who wear that same perfume
I don't do shit with them other lames who do
I spent two years heatin' up, the flame is blue, woo
Yeah, you better watch yourself
Fifty-seven-twenty-six, look what I got myself
Delilah late nights, can't stop myself
Doin' what the fuck I want's how I got my wealth, woo
You don't know shit about that
Burn it all down, I make decisions like that
Sex, money, glory, yeah, I'm livin' like that
I'm going that way, don't get in my path, fuck

Doomsday's comin', sky is fallin'
To burn it all down is my true callin'
Three, two, one, annihilate, uh (I'm livin' like that)
Three, two, one, annihilate, uh (I'm livin' like that)

Yeah, uh, uh
I don't wear the same fit twice, that's a no-no
See me at the Chateau, please no photos
Fuck Nobu, I'm eatin' out in Tokyo
Y'all can't step to the beat of my tempo, oh no
I'm not really feeling ya
Shave your eyebrows, lookin' like Amelia
Grey
Skies, white lines, man, I'm over that
I'ma spend ten milli' and then make it back, no cap
I'm lookin' at some cribs in the Palisades
With an acre and a half for the kids to play
But I know myself, I'ma blow it up
Like three, two, one, annihilate

Doomsday's comin', sky is fallin'
To burn it all down is my true callin'
Three, two, one, annihilate, uh (I'm livin' like that)
Three, two, one, annihilate, uh (I'm livin' like that)
Doomsday's comin', sky is fallin'
To burn it all down is my true callin'
Three, two, one, annihilate, uh (I'm livin' like that)
Three, two, one, annihilate, uh (I'm livin' like that)

Yes, alright
Mansionz
Woke up, smelled like Chanel N°5
Carpets that we hit, such a fuckin' vibe
My spirit will never ever ever die
Might kill the game for four more summers
Net worth twenty mill', I drive a 4Runner
I don't give a fuck, never really did
Even I'm blown away by the shit I really did
Walk in the room, third eye glistenin'
All my songs mean "I love you", are you listening?
I ain't ate a carb since 2016
Make your little catchy songs, we'll make history
Fresh back from vacay in Egypt
Posner, blackbear, Mansionz, seamless

I swear I'm done bein' the hedonist
L-O-V-E must be my only weakness

I could see the vision in my third eye, uh
It's comin' down on me like the sunshine
I could see the vision in my third eye, uh
Just walkin' on a path to the bright light, alright
