

# My Invincible Smile

mansionz

The vibe is crazy right now, wow  
Uh

I've been trying to find a better way  
Than fighting with my demons everyday  
But even if they never go away  
Still got my invincible smile  
When there's a part of me that I forgot  
And depression is the only thing I've got  
There's still a little light inside of me, that's  
My invincible smile  
My invincible smile

Uh, all my tears kept me here  
All my fears brought me to my knees (My invincible smile)  
Uh, all the years walking 'round so depressed like  
"Someone help me please" (My invincible smile)  
It kept me here, it kept me out the streets  
And most of all it kept me clean (My invincible smile)  
Don't always get what I want  
But I always get what I need (My invincible smile), yeah  
I was scarred, I was wounded  
But I made it through the war with (My invincible smile)  
Will get me through the toughest times and through the darkest days, 'cause

I've been trying to find a better way  
Than fighting with my demons everyday  
But even if they never go away  
Still got my invincible smile  
And even when I'm dead and gone away  
My spirit's never ever gonna fade  
'Cause nothing ever really, really dies  
Especially my invincible smile

In the midst of hate  
I found there was within me  
An invincible love  
In the midst of chaos  
I found there was within me  
An invincible call  
I realized that through it all  
In the midst of winter, when it was all falling to shit  
There was within me  
An invincible smile  
And that makes me happy  
For it says  
No matter how hard the world pushes against me  
Within, me there is something stronger  
Something better pushing right back

My invincible smile
