Keep your distance from her  
Keep your distance from her  
Keep your distance from her  
Keep your distance from her

Would you give me moment  
Give me a try  
Don't leave me hanging  
No that isn't right  
Why do we do this  
Throw me a lie  
You like the attention  
And you get what you like

I just wanna get you closer  
I don't wanna play these games  
All you wanna be is wanted  
Make sure he go "okay"  
Why you gotta tease me baby?  
Why you gotta play these games?  
Every time you come over  
I don't ever get no play

She's fucking wicked  
But I love the way she hurts me  
I'm so addicted  
To her loving  
That girl is vicious  
When you see her be sure that  
Your keeping your distance  
From her loving

I'm being the good guy  
I'm being polite  
You tell me I'm too nice  
Maybe you're right  
And I don't wanna hear that  
I ain't your type  
What does that even mean girl?  
Can I get a reply?

I just wanna get you closer  
I don't wanna play this games (games)  
All you wanna be is wanted  
Make sure he go "okay" (kay, kay, kay)  
Why you gotta tease me baby?  
Why you gotta be this way? (way)  
Every time you come over  
I don't ever get no play

She's fucking wicked  
But I love the way she hurts me  
I'm so addicted  
To her loving  
That girl is vicious  
When you see her be sure that  
Your keeping your distance

From her loving

Yeah, could list a million reasons why it wouldn't work  
She asked "when the last time you had to put in work?"  
She saw my hand when I would try to put it up her skirt  
She don't wanna give it, she just wanna flirt  
Pretty as a picture but she do me dirt  
When she don't hit me back, I start to go berserk  
God damn babe, why you leave me hanging?  
Why you playing? think she do it all for entertainment  
She should walk around with a warning sign  
"Do not touch, keep away, avoid the fine"  
Super bad bitch, she ain't sorta fine  
Stayed over and she vanished by the morning time  
Paid a pretty penning just to take her out  
And she ain't let me smash, we only making out  
My homie told me "stay away, she trouble bro"  
But I think I'm addicted to her loving though..

She's fucking wicked  
But I love the way she hurts me  
I'm so addicted  
To her loving  
That girl is vicious  
When you see her be sure that  
Your keeping your distance  
From her loving

Keep your distance from her  
Keep your distance from her  
Keep your distance from her  
Keep your distance from her
