

Good Intentions Heal the Soul

Mansun

My good intent
Is something that turns visions into actions again
Like my cravings

My good intentions
My list of lists tells me that merit leads to salvation
That's not how things are done really
I don't think so

I don't know if I'm dreaming I'm a bear
Or that he's dreaming he's me

I will take you to a place you will remember all your life (if
that's okay)

Faced with the choice of just false beliefs
A way to come to terms with my irrelevance
All that really matters is I'm happy
Never mind (how I got here)

My good intentions heal my soul
The future is something precious
Precious
