

## It's OK

Mansun

I wish you were greedy  
I wish you were cold  
I wish that you were cruel and empty  
But your not (In front of me)

But it's OK, you can cry in front of me  
It's OK, I've seen it before  
It's OK, you can fall on to your knees  
It's OK, cause I've seen you before

Wish I could nurse you  
I wish you were sick  
I hope your happiness defends you against me  
Oh no, not me

Cause it's OK, you can cry in front of me  
It's OK, I've seen you before

I know you got the same for me

So it's OK, you can cry in front of me  
It's OK, I've seen you before  
It's OK, you can fall onto your knees  
It's OK, I've seen you before  
It's OK, you can cry in front of me  
It's OK, I've seen you before
