

## The Edge

Mansun

Cast your stone now he who never sins  
Clearly all your roles are now defined  
(You've got yours but I have broken mine)  
Simply just reflections of  
My honest professional belief that I am God  
(I am God)

Stop me before I go over the edge  
Stop me before I go over the edge  
Stop me before I...

Happy children specially in need  
(Send them to the dentist they will bleed)  
Before you get to know exhesitate  
(Could be gay or could be straight)  
Your mental state which separates  
The action from intention, wash your hands  
(Wash your hands)

Only for tinsel
