

## Por Dónde Saldrá el Sol?

Manu Chao

Nobody's coming through my way  
I'm drowin in the crown with nothin to say  
Waitin for a better day  
This is another beatiful Sunday  
It's always the same old show  
When trouble is comin by the door  
Love jumpo through the window  
Here I am alone with nowhere to go  
Soledad (no quero no!)  
Stinkin with your heavy perfume  
The kind I will never loose  
Whistlin your favourite tune  
Called the Black Widow Blues  
Soledad...  
Stinkin with your heavy perfume  
Whistlin your favourite tune  
"Soledad lo que a mi me va  
Soledad a mi me da la vida"
