

Day Ones

Manu Crooks

Hold up
Don't fuck with my day ones
I skeem with the day ones
Got love for my day ones
I'm there for my day ones
I roll with the day ones
Yeah we should begin
Mmm, start moving to the ceiling
Aye
Day ones
Day ones
I roll with the day ones

I just let em' know
I can't let em' go
Show love to the realest
No love when I'm hating tho
With the fam I go toe to toe
Blow for blow
Rap too much I might overflow
The boy never gon' overdose
Yeah never had a girl for a minute
Cos' I've been down for a minute
I pull up on late by a minute
See we don't even care for a minute
I only been here for a minute
Yeah and they bugging me
They threaten me
Cos' you don't see no rivalry

Hold up
Don't fuck with my day ones
I skeem with the day ones
Got love for my day ones
I'm there for my day ones
I roll with the day ones
Yeah we should begin
Mmm, start start moving to the ceiling
Aye
Day ones
Day ones
I roll with the day ones

Switch on
That's something I never do
That shit is so pitiful
You people like Jigga-boos
You people are cynical
I'm really not into you
Huh fuck it
I think I play too much
Back back to the topic, woah
We don't care what you packing, woah
We don't go with no option, no
We just playing with no problems, no
I see no no new friends
Cos we don't fuck with nobody, no

We don't just nobody, no
I put my trust in nobody, no

Don't fuck with my day ones
I skeem with the day ones
Got love for my day ones
I'm there for my day ones
I roll with the day ones
Yeah we should begin
Mmm, start start moving to the ceiling
Aye
Day ones
Day ones
I roll with the day ones
