

Heard them knocks on the door
Heard you cry through the wall
Still I'm dumb for letting you in
Dumb for giving the opp a chance to feel like they winning
Just know I didn't mean it
Now they seated
In the bleachers
But still they feel me

So much for, entertaining
So much now, I'm hurting baby
It's too much now
I can't sustain this
Got me out, wondering lately
Lately
Lately
Yeah
So much for he say she say
So much for I don't play the blame game
So much for
You can be my lady
Can't be out, wandering daily
Lately
Lately
Yeah

Kissing my teeth
Half of them decent
Walk among
Make amount
Now we gotta teach them
Yea, we gotta show them
That talk is cheap
How half of them lost control
Spin your tale
And we, go touring your dome
Want no beef, but they throwing shade
I glow in the dark
Yea, we leaving a mark
We live in the stars
I tell her to leave
But, don't want her to go
I'm caught in a lie
Yeah, it's never good bye
I guess it was my turn
She was never mine
Yeah yeah yeah, the truth hurts
I proof read
With the masseuse
I felt looser
How can I loose
Cut of the loose ends
Yea, I'm back up in the booth though
I'm overlapping all the old foes
And if I'm capping then the lord knows
If I'm capping then the lord knows

So much for, entertaining
So much now, I'm hurting baby
It's too much now
I can't sustain this
Got me out, wondering lately
Lately
Lately
Yeah
