

Dancing In Marbella

Manuel Riva

Getting on vibe
Moving all night
I'm dancing in marbella
Rocking my body
Living my life
Gonna get it right
I'm dancing in marbella
Every night

Oh the moon, the melody is moving through my heart
When I say ra ra ra
You say ra ra ra
In the crowd my energy is following the sound
When I say ra ra ra
Dancing in marbella

(Dancing in marbella)

Wanna discover me
What it takes to find serenity
Under moon, take me to the stars
Feels like I'm running with
With the waves, forget my sanity
Hope and dreams, this is all I've got

Oh the moon, the melody is moving through my heart
When I say ra ra ra
You say ra ra ra
In the crowd my energy is following the sound
When I say ra ra ra
Dancing in marbella
Dancing in marbella
