

## Malentendu

Manuel Riva

Oh my god this isn't even my type of thing  
I'll tell you this  
Kinda feels you didn't even know I exist  
I'm gone but not missed

On my knees before you but I ain't got no ring  
"I do" but no kiss  
Queen of hearts but I don't think I can be your king  
Just listen to this

A thousand words and I still got no clue  
Caught in a bad rendez-vous  
A hundred tongues and I'm stuck up on you  
You got me malentendu  
You're my Wonderwall  
My human Babylon  
Love put in words feels so small  
Cause our first and last rendezvous  
Got me malentendu

Playing house but this don't feel like my kind of gig  
Hit it, lit it, no bliss  
Please excuse my French but you're not on the guest list  
Just listen to this

A thousand words and I still got no clue  
Caught in a bad rendez-vous  
A hundred tongues and I'm stuck up on you  
You got me malentendu  
You're my Wonderwall  
My human Babylon  
Love put in words feels so small  
Cause our first and last rendezvous  
Got me malentendu
