

On Repeat

Mapei

Revelations as we stand
What's the missing piece here

As we dance on shattered glass
We don't feel the pain
Till we shout out

On repeat
On repeat
On repeat

No time to pray
We face the day
Try turn the page
But we still repeat

On repeat
On repeat
On repeat
We still repeat

Don't you worry
Dance with me
Leave it all behind

In a hurry
I'll be there for you
Til the very end
On repeat
