

The Ins and Outs

Marble Sounds

Changes on the horizon
Moving me to find them
So I,

I'll make it
The moment is defining
The strategy's decided

Over time this pace will slow me down
Give me time to learn the ins and outs

Changes on the horizon
Moving me to find them
So I,

I'll make it
The moment is defining
The strategy's decided

Over time I start to wonder
Should I dive
Would I be pulled under?
Give me time to learn the ins and outs
