

## Tout et Partout

Marble Sounds

Tell me how many times  
Can we start again  
How many twisted turns to lose a friend  
I know it's taken long  
For me to change my tune  
You've said that it's too late  
But it's still too soon

I play like broken records do  
Le coeur a trente-trois tours  
The songs keep skipping back to you  
En tout et partout

You fell for it I fell for you  
Mon coeur craquera toujours  
I brushed you off  
That scratched it too  
En tout et partout

You can fall too hard  
I'd fall to pieces now  
If our shattered hopes  
Cut you somehow

You skip the part where I care  
What love has done to you  
Since I don't go there  
Why am I hearing it too?

I play like broken records do  
Le coeur a trente-trois tours  
The songs keep skipping back to you  
En tout et partout

On s'entendait à en devenir sourds  
Hearts break when they can't break through  
On s'entendait  
Je t'entends toujours  
En tout et partout

And maybe I've been blind  
But seeing others  
Takes a little time  
When they can see right through you

Maybe I've been weak  
But all my memories of you don't shine  
They speak to me

En tout  
T'es partout
