

Hymne À L'amour

Marc Almond

If the sun should tumble from the sky
If the sea should suddenly run dry
If you love me
Really love me
Let it happen
I don't care

If a dream I dream should fall apart
I could still keep smiling with my heart
If you love me
Really love me
Let it happen darling
I don't care

I could catch a shooting star
I could bring it where you are
If you only say you'll care

I could make a mountain fall
I'd do anything at all
As long as you are there

When at last my life on Earth is through
I could share eternity with you
If you love me
Really love me
Let it happen, darling
I don't care

When at last my life on earth is through
I could share eternity with you
If you love me
Really love me
Let it happen, darling
I don't care

Let it happen, darling
I don't care
