## Don't Tell Me It's Love

## **Marc Anthony**

We've been over this before And I'm sensing you want more I don't need someone who complicates me

And it's not that I don't care But there's some things I can't share Girl, I told you I'm not there

Girl, the world's been down on me I don't need someone to own me Girl, a lover is all I need I'm the one who needs to hold me

R: Since I met you, I've been hearing the same thing And it seems it's all we talk about lately So before you go out on the limb Don't tell me it's love It's that look in your eyes that betrays me And the things that you do to amaze me Don't tell me it's so

What I'm offering's what you see I'm giving you my honesty And I'm sorry if it hurts to hear the truth

And maybe I will find in time That all along girl, you were right That I should have made you mine

But for now I still believe That I don't need someone to own me Just a lover is all I need And someone who's gonna hold me
