

In Too Deep

Marc Anthony

My reputation no heart breaking
No quick taking the easy way out
My education, oh loving much but
I need your touch so let's work it out

There never been enough and I'm moving on
I can't believe our chances has come and gone
I don't want to rush what is taking so long
I just need some room to breathe, oh baby

I feel like I'm losing ground
Underneath I'm getting in too deep, oh baby
I feel like a step ahead
Is too step I'm getting in too deep

Our situation love lost and found
I've been up and down in every which way
And I hate to see us move far too fast
And I know we'll last if we take it slow

It never been option of moving on
I can't believe our chances has come and gone
I don't want to rush what is taking so long
I just need some room to breathe, oh baby

I feel like I'm losing ground
Underneath I'm getting in too deep, oh baby
I feel like a step ahead
Is too step I'm getting in too deep

I feel like I'm losing ground
Underneath I'm getting in too deep
I feel like a step ahead
Is too step I'm getting in too deep

I feel like I'm losing ground
Underneath I'm getting in too deep
I feel like a step ahead
Is too step I'm getting in too deep

I feel like I'm losing ground
Underneath I'm getting in too deep
I feel like a step ahead ...
