

Cold Blooded

Marc Broussard

I pay the house, the cars and the groceries
Why does it feel like they playing tricks on me
Do everything I said that I would
Why does it feel like it ain't ever no good
That's cold blooded

Cold blooded every time
Every time love is ever denied
Do you realize any day or night
When love is denied
Can't deny
That's cold blooded

Go to work every day but I can barely eat
Meanwhile the tax check must've been incomplete
Cuz the man won't leave me alone
Won't be satisfied
Until I'm dead and gone
That's a cold blooded

Cold blooded every time
Every time love is ever denied
Do you realize any day or night
When love is denied
Can't deny

Cold blooded every time
Every time love is ever denied
Do you realize any day or night
When love is denied
Can't deny
That's cold blooded

Cold blood, cold blooded
Cold blood, cold blooded

Never in my life would I thought I'd see
Such a cold blooded thing

It's cold blooded every time
And that's why you never look me in the eye
You better recognize, the sign of the times
Everybody's sick and tired of all of the lies
All of the lies

Cold blooded every time
Every time love is ever denied
Do you realize any day or night
When love is denied
Can't deny
That's cold blooded

Cold blooded every time
Every time love is ever denied
Do you realize any day or night
When love is denied
Can't deny

That's cold blooded

Cold blood, cold blooded

Cold blood, cold blooded

Cold blood, cold blooded
