

Try Me

Marc Broussard

I know I might look like just a regular guy
Look a little deeper and you might be surprised,
Rough around the edges like the cuff of my jeans
Stay a little longer and you'll see what I mean.

How do you know I'm not that one that's supposed to keep you warm at
night
You come in with Mr. wrong you can leave with Mr. right.

Try me try me
Cause I might be just the thing you need
Everything you wanted girl you won't be disappointed
If you try me try me.

'd Love to meet your momma just to see for myself
She must be a special lady cause she raised you well.
'd Love to meet your daddy maybe shake his hand
Look him in the eyes and let him know I'm aman.

I can be your confident
Be everything you want
Be the one you trust
All you gotta do is

Try me try me
Cause I might be just the thing you need
Everything you wanted girl you won't be disappointed
If you try me try me

Search for 7 seas
North south west and east
But I bet you've never seen the lights of me
Girl your search is over I can have you fully clothed
Once in a lifetime opportunity baby please

Try me try me girl
Cause I might be just the thing you need
Everything you wanted girl you won't be disappointed
If you try me come on try me

Try me try me girl
Cause I might be just the thing you need
Everything you wanted girl you won't be disappointed
If you try me come on try me

Come on try me baby
Everything you wanted
