

Barbados

Marc E. Bassy

Feel like you fuck with me we be vibing
You get what you want, you be wilding
I ain't gonna front like you that one for me
You not the two girl you the one for me
Won't play no games with you no fouling

Everything you do I get this feeling in my body
When you hold on my body, you got it
I'll give you the key, but don't you lose it girl be honest
Girl, we locked in

Tell me how you feeling
What if we take this from the floor to the ceiling
All I do is make sure that you feel it
Smile when they mention us
This way you ending up
This ain't that regular

Girl, I decided you ain't nothing like the rest
Got you open that's when you toured the LES
Miss independent girl, you rocking to the neck
But you can't spell sex without my ex
And she, my favorite one
Shorty from LA but she met me in the bay, though
I just put that pussy on a flight to Barbados
No girl for me but girl I made my mind up
That shit don't matter girl 'cause you a rider

You can be my
My superstar
Got that super fire
Girl, love me for me
I just wanna know if you my rider, girl

Tell me how you feeling
What if we take this from the floor to the ceiling
All I do is make sure that you feel it
Smile when they mention us
This way you ending up
This ain't that regular
