

Don't Hold Me

Marc E. Bassy

Don't hold me baby if I tell you this right now, don't say you
told me, baby
Gotta let me make my rounds
Yeah don't hold me baby
You don't gotta let me go but don't control me baby
When I'm out there with the flow you know you gotta let me
When I come back take it slow you know you gotta tempt me
I could let you take control, but babe

Don't hold me baby if I tell you this right now, don't say you
told me, baby
Gotta let me make my rounds
Yeah don't hold me baby

Can I put you in your place on the regular
Tell you all the things that will set you up
Give you everything just don't question us
Tell you everything just so you will know

I can get use to you don't
Tell me what I should don't
Act like it's up to you
No

Don't hold me baby
If I let you in my zone act like you know me baby
And when you hit my phone you can't control me baby

Don't hold me baby if I tell you this right now, don't say you
told me, baby
Gotta let me make my rounds
Yeah don't hold me baby
You don't gotta let me go but don't control me baby
When I'm out there with the flow you know you gotta let me
When I come back take it slow you know you gotta tempt me
I could let you take control, but babe

Don't hold me baby if I tell you this right now, don't say you
told me, baby
Gotta let me make my rounds
Yeah don't hold me baby
