

Free Love

Marc E. Bassy

I like an independent girl
But she gotta be a freak
And make her own money
Keep my business out the streets
Fuck so good make me cake for a week
Hole in the house
Go to work on me
She came home
With the G-pen
She even roll my weed

I'm getting it right
She getting me right
I'm doing it right
She doing me right
I'm dicking her down
She throwing it back
I'm throwing these back
She making it clap

All they wanna give is free love
But I'm working for you
Until you get through
I'll be waiting
All they wanna give is free love
It's the least I can do
Until we get through
I'll be payin'

She be settled in the bed
No nine to five
She listen to Party
And The Neighbourhood
on my lip
She stay by my side
Always make sure
Your boy all good

I'm getting it right
She getting me right
I'm doing it right
She doing me right
I'm dicking her down
She throwing it back
I'm throwing these back
She making it clap

All they wanna give is free love
But I'm working for you
Until you get through
I'll be waiting
All they wanna give is free love
It's the least I can do
Until we get through
I'll be payin'

Skin tone like she from the tropics

She loved me back when I wasn't popping
So she get treated like she royalty
Even when I'm there
She want more of me
Cause I give her what she can't get enough of
Kiss her on the neck to say "what's up"
That's the type of shit that make her stay around
Plus I go deep when I lay it down

I'm getting her right
She getting me right
I'm keeping her tight
She keeping it tight
I'm dicking her down
She throwing it back
I'm throwing these racks
She making it clap

All they wanna give is free love
But I'm working for you
Until you get through
I'll be waiting
All they wanna give is free love
It's the least I can do
Until we get through
I'll be payin'
