

god damn, god damn

Marc E. Bassy

Oooooo
So rough
So tough
What were you thinking
When I was gone
You let some other man break into our home
I thought we were different
I thought I can change
But when you caught me cheating
You didn't say a thang

God Damn
God Damn
You play your cards close to your chest
Till the final hand
God Damn
Had me thinking I was the man
Oh God damn
Straight up
Taste a little bitter in my cup
The high ain't feeling quite the same
Told me two could always play that game
Yeah Yeah

Oooooo
So tough
So tough
Oooooo
So tough
So tough

Baby you struck nerve
Sharp as a razor
Always gave me your word
No hesitations
I thought that we could really do something good
Cause you went and did me like you said you would
Can't believe that I fell for the games you were playing

God Damn
God Damn
You play your cards close to your chest
Till the final hand
God Damn
Had me thinking I was the man
Oh God damn
Straight up
Taste a little bitter in my cup
The high ain't feeling quite the same
Told me two could always play that game
Yeah Yeah

Oooooo
So tough
So tough
Oooooo
So tough

So tough
Ooooo
So tough
So tough
Ooooo
So tough
So tough
