

Keep Us Together

Marc E. Bassy

You know I wanna keep it together
I don't wanna stay here forever
Me, you are meant to do better
No I'm just tryna keep us together
Keep us together
I'm just tryna, I'm just tryna
Keep us together
I'm just tryna, I'm just tryna

Always gonna take a [?]
If you let me baby let me have way
Even if a night in the same place
No I'm always with you
No I'm never gonna get a new [?]
Even when I hit the money and fame
Pack it up baby your on the next plane
All the [?]

I'll put my money where my mouth is
Used to let me hit it on the couches
And I've spent the rent on your outfit
I can already feel it babe

Me, you are meant to do better
No I'm just tryna keep us together
Keep us together
I'm just tryna, I'm just tryna

I'm just tryna, I'm just tryna

Life been like that
Don't let the world undo
All the things I do for you
