

# Off Me

**Marc E. Bassy**

It took three long hours to get your shit ready  
I've been carrying you baby and it's been heavy  
Always stand on us baby 10 toes  
But all she wanna do is keep me from the bros  
I tried, I tried but I never chose  
You could take me out the life but that shit in my soul  
You could blame it on somebody I don't even know  
But you got what I got you gotta let it go

Get this shit off me  
Get this shit off me  
I don't care what it costs me  
Get this shit off me

Get this shit off me  
Get this shit off me  
I don't care what it costs me  
Get this shit off me  
Gotta get it off

From the bottom of my heart I gotta let it go  
'Cause I know it's coming back I'm talking 10-fold  
Never gave a fuck but what I been told  
I just know I can't fold  
Even when the cards are funny I know no one knows  
Nobody is laughing that's the way it goes  
From the bottom of my heart, I gotta let it go

Get this shit off me  
Get this shit off me  
I don't care what it costs me  
Get this shit off me  
Gotta get it off
