

Overtime

Marc E. Bassy

Everyone in the party
Go on and grab somebody
Everyone in the function
Go on and get you somethin'

Everybody's fuckin' everybody
Come to the back 'cause we gon' have a party (Yeah, right now)
My brothers are on bitches
That shit gets me juiced (Yeah)
My ex girl still call me, I can turn up loose though (Yeah, yeah)
I took somethin' out of everybody (Oh)
See my ex, she chillin' in the lobby (Oh yeah)
Fuck that bitch, she fuckin' everybody
Yeah-ee-yeah, yeah, yeah

Everyone in the party (In the party now)
Go on and grab somebody (Grab somebody now)
Everyone in the function (In the function, baby)
Go on and get you somethin' (Get you somethin', baby)

Said "Baby, I ain't gon' talk you down"
Bed freak, gon' beat it overtime
Workin' overtime, overtime
Puttin' that overtime, that overtime
And maybe, I met you from the club
Goin' up and down, up-up and down, oh now
Overtime
You workin' overtime
And overtime, puttin' in that overtime
