Real One

Marc E. Bassy

You know these rich, rich Chalet girls, they're killing me
I should've stayed my ass in High School and got a degree
You know like three damn Drake songs and you sing them of key
You and all your friends driving to Calabasas in a Jeep

I gotta make you cheat on your boyfriend just so I can sleep at night
And nothing so wrong ever made me not think twice
Whatever you need, I'ma need too
Who you need to meet? We could speak too
What you need to wear? We could stay up late
Just so you could feel like a real one

I'm the only real one around you
You ain't fooling no one
Let me make one thing perfectly clear
You ain't fooling no one
Yeah, you try so hard but you're just so [?]
But [?] on the run
Let me make one thing perfectly clear
I still wanna be your one

Yeah, the apple don't fall too far from the tree
Your mommy and your daddy made you of a pill of ecstasy, yeah
You wear a ripped up t-shirt ironically
And go to rehab just to take a break from the scene

Yeah, you don't like your boyfriend much but he looks like a star
And your best fucking friend don't even know who you are
Whatever you need, I'ma need too
Who you need to meet? We could speak too
Why you need to climb fucking way up?
Just so you could feel like a real one

I'm the only real one around you
You ain't fooling no one
Let me make one thing perfectly clear
You ain't fooling no one
Yeah, you try so hard but you're just so [?]
But [?] on the run
Let me make one thing perfectly clear
I still wanna be your one

could stay up late
Just so you could feel like a real one
[?] could stay up late
Just so you could feel like a real one
[?] could stay up late
Just so you could feel like a real one
[?] could stay up late
Just so you could feel like a real one
Everyday's [?] talk that shit
Everyday's [?] talk that shit
Everyday's [?] talk that shit
Everyday's [?] talk that shit
