

Signs

Marc E. Bassy

I'm a truth-teller, soothsayer
You like tarot cards, I'm a player
The Ram sign deep in my nature
And I met you on Mars, I was way up

What's your constellation?
What moon were you raised in?
Is it the Year of the Dragon?
Don't mind if I ask it

What's your, what's your sign?
What's your, ooh ooh
What's your, what's your sign?
What's your, ooh

Ooh ooh, yeah
What's your, what's your sign?
What's your, ooh ooh
What's your, what's your

Drinkin' Crystal with your crystals
Charge them overnight with the moon while we're making love
I just want you and I can't refuse
This spiritual connection, yeah

What's your constellation?
What moon were you raised in?
Is it the Year of the Dragon?
Don't mind if I ask it

What's your, what's your sign?
What's your, ooh ooh
What's your, what's your sign?
Oh, ooh ooh

Ooh ooh, yeah
What's your, ooh
Aha, yeah yeah
What's your, ooh ooh
Sign yeah, sign yeah
What's your, what's your

What's your constellation?
What moon were you raised in?
Is it the Year of the Dragon?
Don't mind if I ask it

What's your, what's your sign?
What's your, ooh ooh
What's your, what's your sign?
Oh, ooh ooh
Ooh
What's your, ooh
