

Six Figures

Marc E. Bassy

Gonna get myself a little dream house, out there in the country
Had to say goodbye to my city girl when I know that she barely
love me

Yes I did

And I done have my weeks but I didn't even get no sleep
I done have my nights when I blind both my eyes

I'm a quick six figures, I'll get back on my feet
I got a hustler's spirit, you know they can't stop me
I will never two-time, you don't one-time me
Yeah I'll meet you at the house if you meet me at the lobby

I'm a city boy but my daddy you know, he come from the country
I got roots in all the good parts and the bad, that's how it mu
st be

Yes it is

And don't let that evil in, don't help him in, sleep at night
Had to knock myself down twice

I'm a quick six figures, I'll get back on my feet (Yeah, yeah)
I got a hustler's spirit, you know they can't stop me (Can't st
op me now, no)
I will never two-time, you don't one-time me
Yeah I'll meet you at the house if you meet me at the lobby, ye
ah

On my seat, back my feet up
Ashtray on the speaker
Her head in my lap, yeah
The sky my arena
On my seat, back my feet up
Ashtray on the speaker
Her head in my lap, yeah
The sky my arena

I'm a quick six figures, I'll get back on my feet (Yeah, yeah)
I got a hustler's spirit, you know they can't stop me (Can't st
op me now, no)
I will never two-time, you don't one-time me
Yeah I'll meet you at the house if you meet me at the lobby, ye
ah

I gotta get back on my feet
Get back on my feet
I gotta get back on my feet
