

Tonight

Marc E. Bassy

Yeah I know you're gon' be somebody's baby
Yeah I know you're gon' be somebody's baby, tonight
Yeah I know you're gon' be somebody's baby
Yeah a girl like you ain't gon' stay alone, not tonight

I'm picturin' you, seein' me through
I'm tryna go the distance
Fuck friendship with you
Yeah I know they witness for instance
How we move, got the two-seater coupe
Just for me and you, yeah we cruise
You're the best things I could mention
Happen when you stay the night through
Girl you're just too bad, if I'm too bad, you gon' give it up t
o somebody new
You argue like this, I get [?], you ain't playin' that shit

Yeah I know you're gon' be somebody's baby
Yeah I know you're gon' be somebody's baby, tonight
Yeah I know you're gon' be somebody's baby
Yeah a girl like you ain't gon' stay alone, not tonight

Yeah I know you're gon' be somebody's baby
Yeah I know you're gon' be somebody's baby, tonight
Yeah I know you're gon' be somebody's baby
Yeah a girl like you ain't gon' stay alone, not tonight
