

U Crazy

Marc E. Bassy

Girl you shady
Blocking this heart of mine
Girl you crazy
I'm trying to let you shine
Girl you lazy
I've been moving towards you all night long
If it's on then why gone on the other side
You far
I don't care about your money, car, house, or your clothes
I'm sincere
Can't keep frontin' girl, I got to know
Let your guard, let your guard, let your guard down
See how far, see how far, see how far now

Girl you shady
Blocking this heart of mine
Girl you crazy
I'm trying to let you shine
Hey thought to myself, I don't need drinking up
Hey, lady I don't lie, no time

Give me your love
Give me your love

Find me, find me that way
Give me, oh no
Let me on today
You don't need no
Something on the way
Feel it in our breathe
Oh no
Give me your love
Give me your love
Yeah

(Let your guard, let your guard, let your guard down
See how far, see how far, see how far now)
Girl you shady (Boy you shady)
Blocking this heart of mine (Blocking this heart of mine)
(let your guard down)
Girl you crazy (Boy you crazy)
(let your guard down)
I'm trying to let you shine (I'm trying to let you shine)
(see how far now)
Let your guard, let your guard, let your guard down
(Let your guard, let your guard, let your guard down)
See how far, see how far, see how far now
(See how far, see how far, see how far now)

See how far now

How far now, now, now, yeah
You're crazy, crazy
Don't be crazy
Don't be shady
