

I've been in my zone for years  
I ain't even shed no tears  
Picked myself up off the ground  
Always go another round, please

My back against the ropes like I'm Ali  
Take my licks like foreplay in the sheets  
You broke my heart, it must've turned me on  
Ohh baby, yeah

I've been in my zone for years  
I ain't even shed no tears  
Wonder where we go from here  
Runnin' from my doubts and fears

Come with me on a mission from the Southside of the city  
We'll end up in the hills, oh yea  
I told 'em I was Christian till that soul didn't fit me  
I pulled up on Rodeo, ooh yeah

I've been in my zone for years  
I ain't even shed no tears  
Picked myself up off the ground  
Always go another round, please

Coke deal and my hope dealer  
Only hope that I broke even  
Haters talking the whole reason  
That I'm keeping my throat freezing

And I'm keeping your bitch leakin'  
Come with me on a mission from the Southside of the city  
We'll end uptown in Mayfair, oh yeah  
I told 'em I was Christian till that soul didn't fit me  
We pulled up shoppin' Knightsbridge, ooh yeah

I've been in my zone for years  
I ain't even shed no tears  
Picked myself up off the ground  
Always go another round, please
