

Can't Breathe Without You

Marc Terenzi

I've been around the whole damn world
Somewhere along the way I lost my girl
I've been to places you've never been, oh baby
And I saw things I know you've never seen

And now I need a little rest, uh yeah
And I'm not sure if I can keep going by myself

My heart is breaking on down
Minute after minute I'm losing ground
Take me and hold me once again
Just like you use to
Crazy, it's crazy as hell
I don't even know what to do with myself
'Cause it don't matter what I do
I can't breathe without you

It seems like only yesterday
I still remember all the little games we played
I couldn't picture us apart
No, no, no
And we were put together right from the start

So baby girl, what have we done?
Please tell me
Is this what happens when you love someone?

My heart is breaking on down
Minute after minute I'm losing ground
Take me and hold me once again
Just like you use to
Crazy, It's crazy as hell
I don't even know what to do with myself
'Cause it don't matter what I Do
I can't breathe without you

Everything I do just seems so senseless
I feel helpless
With every move I make I'm moving
More miles away from you

And every night the dream of you is returning
And I'm burning
To hold you in my arms again
And keep you 'till the very end

My heart is breaking on down
No, no, oh, no
Take me and hold me once again
why don't you take me?
Hold me once again
My heart is breaking on down
Minute after minute I'm losing ground
take me and hold me once again
Just like you use to
Crazy, It's crazy as hell
I don't even know what to do with myself

'Cause it don't matter what I do
I can't breathe without you

I can't breathe
I can't breathe
I can't breathe without you
I can't breathe
I can't breathe without you
Oh, oh, oh
Oh
I can't breathe without you
yeah,
I can't breathe without you
