

# My Angel For A Day

Marc Terenzi

Last night  
I made a crazy deal  
I wished for  
An angel comes to me

But she can stay just for a day  
And then she'll go away  
I wished that  
In my life she'd always stay

My angel for a day  
I'm begging her to stay  
She walks on wild flowers  
With a smile on her face  
My Valentine all day  
She's more than I can take  
She says we are just perfect  
But only for today

She kissed me  
And she loves me all the way  
She cares for  
The prayers I've always made

And she can stay just for a day  
And then she went by  
I wished that  
She always would be mine

My angel for a day  
I'm begging her to stay  
She walks on wild flowers  
With a smile on her face  
My Valentine all day  
She's more than I can take  
She says we are just perfect  
But only for today

She cares for  
The prayers I've always made

My angel for a day  
I'm begging her to stay  
She walks on wild flowers  
With a smile on her face  
My Valentine all day  
She's more than I can take  
She says we are just perfect  
But only

My angel for a day  
I'm begging her to stay  
She walks on wild flowers  
With a smile on her face  
My Valentine all day  
She's more than I can take  
She says we are just perfect

But only (only, only) for today
