Marcus & Martinus

La la la la bom bom bao
We're going round and round
La la la la bom bom bao

If you want to stay the night
You can stay here in my arms
Wanna hold you close and tight
Until the break of dawn

All the things that we can do
If we stay true to me and you
But are we just for the night
Are we just for the night

And I'm like

Ooo
You know my mind is set on you
Ooo
And it ain't nothing but the truth
Ooo
You've been stuck inside my mind
So I know where to find you

24/7 365
You're goin' round and round like
24/7 on my mind
Thank God I finally found you

I need your love tonight
To keep me satisfied
24/7 365
You're goin' round and round like

La la la la bom bom bao
We're going round and round
La la la la bom bom bao
Until I lose my ground
I'll need your love tonight
To keep me satisfied
24/7 365

Pull me closer to your lips
I don't ever wanna stop
You're the only one I miss
We can make it to the top

Move my body next to you
Yeah, it's all I wanna do
All I want is you
Yeah, all I want is you

Ooo
Baby you're always on my mind
I always know where I can find you

24/7 365

You're goin' round and round like
24/7 on my mind
Thank God I finally found you

I need your love tonight
To keep me satisfied
24/7 365
You're goin' round and round like

La la la la bom bom bao
You're going round and round
La la la la bom bom bao
Until I lose my ground
I'll need your love tonight
To keep me satisfied
24/7 365
I need your love tonight

La la la la bom bom bao
Na na na na na na na
La la la la bom bom bao
24 24 24 24
La la la la bom bom bao
24 24 24 24
La la la la bom bom bao
24/7 365
I need your love tonight
I need you, I need your love
24/7 365

La la la la bom bom bao
You're going round and round
La la la la bom bom bao
Until I lose my ground
I'll need your love tonight
To keep me satisfied
24/7 365
24/7 365
