

Dance With You

Marcus & Martinus

Lately you got me going crazy
You make me wanna shake it ohoh ohoh
Maybe we can be more than strangers
I wanna know you baby ohoh ohoh

I wish that we were together
Good good tos with day whatever
Now you feel so far away owoo
Raining days and sunny weather
You and me like salt and pepper
If I ever see you again

I say, I don't wanna lie, lie, lie
I went to shy, shy, shy
Be looking at you all night long
No, I don't wanna lie, lie, lie
I went to shy, shy, shy
I just wanna dance with you!

(Dance with you)
I just wanna dance with you!
(Dance with you)

Higher, I wanna take you higher
Girl you know you on fire (oho oho)
Drop it, I like the way you drop it
Pick it up like you lost it (oho oho)

I wish that we were together
Good good tos with day whatever
Now you feel so far away (owwoo)
Raining days and sunny weather
You and me like salt and pepper
If I ever see you again

I say, I don't wanna lie, lie, lie
I went to shy, shy, shy
Be looking at you all night long
No, I don't wanna lie, lie, lie
I went to shy, shy, shy
I just wanna dance with you!

(Dance with you)
I just wanna dance with you!
(Dance with you)

You know it's on tonight
Do it like you need it
Baby don't be shy
Screaming if you feel it
Yeah it's on tonight
Do it like you need it
Baby don't be shy
I just wanna dance with you!

(Dance with you)
I just wanna dance with you!

(Dance with you)
I just wanna dance with you!
I just wanna
I just wanna
I just wanna
I just wanna dance with you!
I just wanna
I just wanna
I just wanna
I just wanna
I just wanna dance with you!
