

Girl, moving around in high heels like it's your world  
Talking about the things that we could be doing  
You break me down, I lose it  
Make you feel like I can't do this  
But I see what's in your eye (Yeah, yeah, yeah)

Come closer, come, come closer  
Show me what I can't get over  
You can make the time go slower  
You make me insane, I'm going insane

Everybody knows that she's a diva  
Don't you know, don't you know, don't you know she's gon' leave ya?  
Wanna know, wanna know, wanna know she's a cheater  
Feel like we could be in paradise  
But you don't do it right, but you don't do it right

She's so reckless as she a diva  
Face so good, it worth like Mona Lisa  
Tap, tap, tap, con Viva La Vida  
She's so reckless as she a diva

Stop playing (Stop playing)  
Making me go in circles 'round and 'round  
On, and on, and on

Come closer, come, come closer  
Show me what I can't get over  
You can make the time go slower  
You make me insane, I'm going insane

Everybody knows that she's a diva  
Don't you know, don't you know, don't you know she's gon' leave ya?  
Wanna know, wanna know, wanna know she's a cheater (She's a cheater)  
Feel like we could be in paradise  
But you don't do it right, but you don't do it right

She's so reckless as she a diva  
Face so good, it worth like Mona Lisa  
Tap, tap, tap, con Viva La Vida  
She's so reckless as she a diva

(Hey) You know I want it (You know I)  
You know I do (Want it, babe)  
You got me thinking  
It's not just me and you  
You know I want it (Want it, babe)  
You know I do  
You got me thinking  
She's so reckless as she a diva
