

# First Kiss

Marcus & Martinus

I was thinking about how you look  
With the moon lighting up your eyes  
You're in my head and my heart and I know it's right  
I got your hand in my hand and I'm digging this thing  
Digging this thing when you're looking like bling  
Never let go, Imma do what I know is right

And if could feel your lips tonight  
I think I wanna do this every night

You are my first kiss  
Never knew it could feel like this  
I think I'm in love  
You are my first kiss  
Never knew it could feel like this  
I think I'm in love  
You are my first, first, first kiss  
Never knew it could feel, feel, feel like this

I don't know if you know  
When my friends may have said I'm a fool for you  
And I'm feeling that fizz so hard like I always do  
I know its late, but I must say I'm digging this thing  
Digging this thing when you're looking like bling  
Never let go, imma do what I know is right

And if could feel your lips tonight  
I think wanna do this every night

You are my first kiss  
Never knew it could feel like this  
I think I'm in love  
You are my first kiss  
Never knew it could feel like this  
I think I'm in love  
You are my first, first, first kiss  
Never knew it could feel, feel, feel like this

Been dreaming of you for so long  
So I really had you to write you this song  
And I've been known to put my worst right out  
But you make me go silent now  
What can I say?

You are my first (you are my first) kiss  
Never knew it could feel like this  
I think I'm in love  
You are my first (first) kiss (kiss)  
Never knew it could feel like this (feel like this)  
I think I'm in love  
You are my first, first, first kiss  
Never knew it could feel, feel, feel like this  
You are my first (you are my first) first, first kiss  
Never knew it could feel, feel, feel like this
