

Jinx It

Marcus & Martinus

I don't think you'd [?], hehe, woo
Yeah, you know I feel good about it

Hey, girl, wake up (I'ma call you)
Ms. Play too much
'Cause you like wasting time, worrying when it's fine
I can't work it out
I thought this was running smoothly
But somehow you're back in that groove
Something I don't get with you
You think it's too good to be true
When I treat you more than you used to
You ain't used to it

You can keep doing this to yourself
Ain't good for your health
And at one day it's gon' wear you out (Yeah, yeah)
If you allow it, I'm just saying

Don't jinx it, we got something good
Don't jinx it, you misunderstood
Don't jinx it, don't know what you're doing
Gonna end 'em moves
Don't jinx it (Jinx), don't jinx it (Oh, yeah)

Girl, can't you chill? (Yeah, I bet you don't)
Pain isn't real
It's all in your mind, I'll help you. I'm fine
Oh, let me work you out

It's good for your health
Baby, I'ma wear you out (Yeah, yeah)
If you allow it, I'm just saying

Don't jinx it, we got something good
Don't jinx it, you misunderstood
Don't jinx it, don't know what you're doing
Gonna end 'em moves
Don't jinx it (Jinx), don't jinx it (Yeah)

Don't jinx it, we're winning (Yeah)
Nothing great come for being the victim (Okay)
You set your (Yeah) self limits (Uh-huh)
Don't interrupt, let me finish
I got a message, tryna share it with you
Girl, you can have it, I need you to be cool
I need your love, I need your trust
When you're in a rush (Oh)

Don't jinx it (Don't jinx it), we got something good
Don't jinx it (Yeah, we got something good, yeah), you misunderstood (Woo)
Don't jinx it, don't know what you're doing
Gonna end 'em moves
Don't jinx it (Jinx, don't jinx it), don't jinx it (Don't jinx it, babe)
Hey, we got something good
Don't jinx it (No), you misunderstood
Don't jinx it, don't know what you're doing

Gonna end 'em moves
Say, say, say, don't jinx it
