

# Love Flow

Marcus & Martinus

Your love flows more than honey  
Sugar loose when you're on it  
You got that body falling on your own  
Body flows like a [?]  
Don't know what you've done to me  
You don't know what you've done, no  
Your love flows more than honey  
Sugar loose when you're on it  
You got that body falling on your own  
Body flows like a [?]  
Don't know what you've done to me  
You don't know what you've done, no

(Hot, hot) First, you're onto me, then you're onto another beat  
(Hot, hot) You're bound to leave, you come and go so easily  
(Hot, hot) No boundaries, look what you've done to me  
Don't know what you've done to me  
You don't know what you've done, no

Your hands go where they are supposed to go and you know it  
You got 'em spinning, running like a crook  
Body flows like a [?]  
You don't know what you've done to me  
You don't know what you've done, no

(Hot, hot) First, you're onto me, then you're onto another beat  
(Hot, hot) You're bound to leave, you come and go so easily  
(Hot, hot) No boundaries, look what you've done to me  
Don't know what you've done to me  
You don't know what you've done, no

Don't know (Don't know), don't know, don't know, yeah, yeah  
Don't know (Don't know), don't know, don't know, ooh  
Don't know (Don't know), don't know, don't know, know, know  
Don't know what you've done to me  
You don't know what you've done, no

Tell me where you're going to lose your mind (Lose your mind)  
Playing bad girl all of the time (All of the time)  
When you're gonna get some self-control  
Stop playing guy with your body and soul

Your love flows more than honey  
Sugar loose when you're on it  
You got that body falling on your own  
Body flows like [?]  
Don't know what you've done to me  
You don't know what you've done

(Hot, hot) First, you're onto me, then you're onto another beat  
(Hot, hot) You're bound to leave, you come and go so easily  
(Hot, hot) No boundaries, look what you've done to me  
Don't know what you've done to me  
You don't know what you've done, no

Don't know (Don't know), don't know, don't know, don't know, don't know, yea  
h

Don't know (Don't know), don't know, don't know, oh, whoa  
Don't know, don't know  
Don't know what you've done to me  
You don't know what you've done, no

Ooh, yeah
