

Please Don't Go

Marcus & Martinus

I know I messed up once or twice
Follow some really bad advice
I did some things that didn't were so right
But I took it all back in second, I took it all back in a second

You know you don't know one feels as good as you do
I hope you know that I've never meant to hurt you

Baby please don't go
I'm begging' please don't go
I understand if you hate me
With everthing that I did lately
So baby please don't go
Na na na please don't go
Na na na please don't go
Na na na please don't go
Na na na please don't go
Na na na please don't go
Na na na please don't go

What can I do to make you stay?
Don't you tell me that it's to late (yeah)
I've never meant to this way
I take it all back in a minute, I take all back in a minute

You know you don't know one feels as good as you do
I hope you know that I've never meant to hurt you

Baby please don't go
I'm begging' please don't go
I understand if you hate me
With everthing that I did lately (I understand)
So baby please don't go
Na na na please don't go
Na na na please don't go
Na na na please don't go
Na na na please don't go
Na na na please don't go
Na na na please don't go

I understand if you hate me
With everthing that I did lately
So baby please don't go
Na na na please don't go
Na na na please don't go
Na na na please don't go (gooooooo)
Na na na please don't go
Na na na please don't go
Na na na please don't go

I understand if you hate me
With everything that I did lately
So baby please don't go
