

Saturn

Marcus & Martinus

Like a tattoo you're inked on me, baby
I thought that you knew, I'm patiently waiting
Said you might call but left it on "maybe"
I'm stuck in a loop, just hoping you'll save me

Once again you're staring at my face, I know
Next you disappear without a trace, I know
Tell me that you don't have anything to lose

I'm floating by Saturn
I'm always out of reach but I know I'm close to you
What can I do?
I'm stuck in your gravity
You pull me in helplessly
Can't help that it's true
The center of our universe has always been you

Keep on wonderin' how you wanna have it, yeah
I'm in your orbit, never get to land it, no
And I know I shouldn't like it but I like it
Even if I crash soon
Oh, it's like a phase
That fade out so slowly
I stare through the haze
Pretendin' you want it, mm

Once again you're staring at my face, I know
Next you disappear without a trace, I know
Tell me that you don't have anything to lose

I'm floating by Saturn (Saturn)
I'm always out of reach but I know I'm close to you
What can I do?
I'm stuck in your gravity
You pull me in helplessly
Can't help that it's true
The center of our universe has always been you
