

## Talk

Marcus & Martinus

I wish we could go there, back to the start  
'Cause I would surrender, then give you my heart

Into the night, the stars leave me blind when I look in your eyes  
So can we just go there, back to the start?

Baby, can we both just talk  
Oh, just talk, oh, just talk?  
Baby, can we both just talk  
Oh, just talk, oh, just talk?

I'll leave the light on, in case you come home  
'Cause you are the only one for my soul

Into the night, the stars leave me blind when I look in your eyes  
I'll leave the light on, in case you come home

Baby, can we both just talk  
Oh, just talk, oh, just talk?  
Baby, can we both just talk  
Oh, just talk, oh, just talk?

Oh, don't you leave me broken  
Yeah, whoa, just leave me, I was open

Baby, can we both just talk  
Oh, just talk, oh, just talk?  
Baby, can we both just talk  
Oh, just talk, oh, just talk?

Baby, can we both just talk  
Oh, just talk, oh, just talk?  
Baby, can we both just talk  
Oh, just talk, oh, just talk?

Baby, can we both just talk  
Oh, just talk, oh, just talk?  
Baby, can we both just talk  
Oh, just talk, oh, just talk?

Baby, can we both just talk  
Oh, just talk, oh, just talk?
