

We Are Not The Same

Marcus & Martinus

No, I don't go to parties, I do shows
Ballin' with your mami she like "Wow"
You think you won the game, I still made the rules, though
We are not the same, oh, no
I don't gotta Google 'cause I know
Runnin' through the city with my wow's
You think you won the game, I still made the rules, though
We are not the same, like wow

Sleeping off the migranes
Giving me head 'cause I know you love the mind games, yeah
I don't know what you wanna do, babe
I don't like you, but I like your body
I ain't like nobody, yeah
Face so good they made of caviar (Caviar)
You don't gotta worry
Vroom, vroom, I'm arrivin'

Two times two, giddy up, give me three plus five
How much is that, I don't know I'm so damn high
3-6-9, get low, girl, you so fine
She blew the wine, asked me where I'm going, I'm like "Oh"

No, I don't go to parties, I do shows
Ballin' with your mami she like, "Wow"
You think you won the game, I still made the rules, though
We are not the same, oh, no
I don't gotta Google 'cause I know
Runnin' through the city with my wow's
You think you won the game, I still made the rules, though
We are not the same, like wow

Menage à trois, three, two, one, that's half's the fun
Two girls brushin' on up, they doin' things I find it impressive (Wow)
Eminem, Baby no Cashy, after sheets might get arrested (Huh?)
Hold up, wait, I pay taxes
Your girlfriend gonna give whole passes
I'm so rich, gotta come the fastest
Sugarbabe bitch, of course I'm cautious
Brûler, Maachis, sick 'em in the stu'
While I'm walkin' on money my carpet blew
My shit caught money your rent is due
Got a car with wings but I still flew
I print that money that's facts of true
Your girl want bbno\$, say, "Who?"

No, I don't go to parties, I do shows
Ballin' with your mami she like, "Wow"
You think you won the game, I still made the rules, though
We are not the same, oh, no
I don't gotta Google 'cause I know
Runnin' through the city with my wow's
You think you won the game, I still made the rules, though
We are not the same, like wow
