

## It's Saturday

Marcy Playground

Mom I'm dyin'  
I'm dizzy and fryin'  
My throat hurts  
I think I should stay in bed

Cause I got some kind of disease  
And there are no remedies  
Think I should stay in bed today  
Maybe tomorrow go out and play  
It's Saturday

With Ginseng  
And fresh squeezed juice  
Of wheat-grass  
Oh, and some hot chicken soup  
That just might keep me alive  
A couple days

But I've got some kind of disease  
And there are no remedies  
Think I'll join Timothy Leary  
In a cryogenic freeze  
Next Saturday

Yeah I've got some kind of disease  
And there are no remedies  
Shoulda listened when you said beware  
Of horny girls with New Jersey hair  
Last Saturday
